

ANT Safety Net

All your Health & Safety Information in One Place

Ravensfield is proud to present ANT Safety Net. New from Advanced New Technology, ANT Safety Net is the ultimate health and safety management system.

Built on Advanced New Technology's 20 years experience writing health and safety systems and developed with extensive input from existing users, ANT Safety Net is brand new and entirely web based.

**HEALTH AND SAFETY MANAGEMENT WHERE YOU WANT IT
WHEN YOU WANT IT!**

Try it for yourself. Visit our demo site and explore Safety Net yourself

Because it is entirely web based, you can use it wherever you can get access to the Internet, and you have full control over what your people can do with it.

Hosted on our secure servers, ANT Safety Net is available on a low monthly or yearly rental, so no capital expenditure required.

Clear information presentation, easy to follow, easy to use.

Comprehensive task lists and reports—everybody knows what they need to do and when they need to do it.

Try it for yourself now!
